To Whom It May Concern:

I am very pleased to recommend Lisa Ferrante of Creative Sound Entertainment as your wedding entertainment coordinator. We selected Lisa because I had been to three other events in which she planned and coordinated the music and entertainment. Suesan and I were married in July of 2007, and Lisa ensured that our reception was a hit. Our friends and family have all complimented us on how much fun our reception was!

Lisa is more than just a DJ – she provided an amazing service, including music, games, and funny anecdotes throughout the reception. Her photo montage was definitely a hit! Lisa not only coordinated the entire reception, but she worked extensively with the site and the pastor to ensure that the wedding ceremony was perfect.

We are really pleased to have selected Lisa Ferrante from Creative Sound Entertainment as our wedding entertainment coordinator. The ceremony was beautiful and the reception was the most fun party we have ever experienced. Her ideas made our wedding and our reception truly unique. We would definitely recommend her as your wedding entertainment coordinator.

Sincerely,
Brian & Suesan Cooney
